# THE MEN WHO BLUEPRINT OUR LIVES

THE VERY REVEREND JOHN J. COFFEY, O.S.A, M.A.  
Headmaster

## Headmaster's Message

A school might be compared to an equipment center patronized by travelers journeying great or small distances.

We at Malvern like to think of ourselves as preparing you, the class of 1959, for a long Journey—leaving us to take a trip lasting for life. Your destiny, obviously, is the beatific vision, eternal happiness with God.

For such a challenging goal we hope and pray our stock is durable and sound. We know there are days ahead when the winds of temptation will buffet you, when the tides of strife will almost engulf you, when the cold rains of discouragement will lash down upon you.

Others, like you, have left us for this high adventure of life with Malvern gear, and they have withstood every element that bared its teeth against them. Their equipment—the shield of character and the sword of truth—wielded by hands strengthened through the grace of God won the prize at the journey's end.

As you edge your way closer and closer to eternity—we, your teachers and also your friends, shall pray that what you received from our minds and example might aid you in some small way to be hailed at the end of life by the Great Master Himself as a good and faithful servant—a valiant journeyman—a scarred but saintly warrior.

**REV. JOHN J. COFFEY, O.S.A.**  
Headmaster

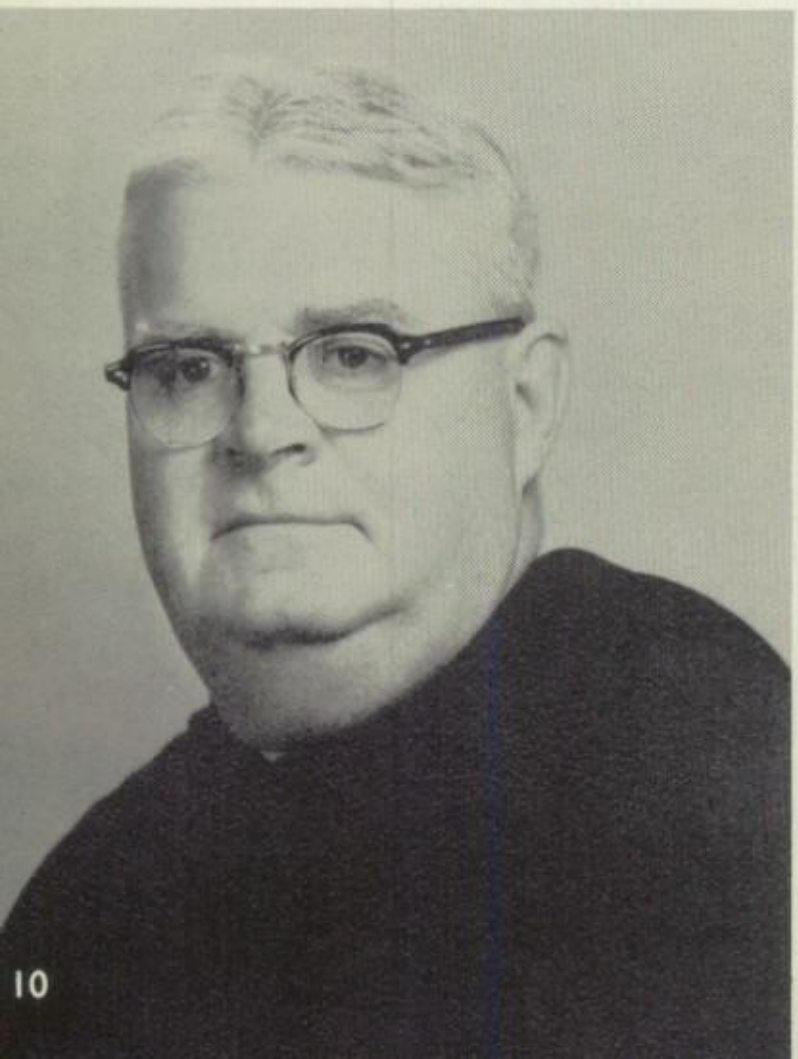

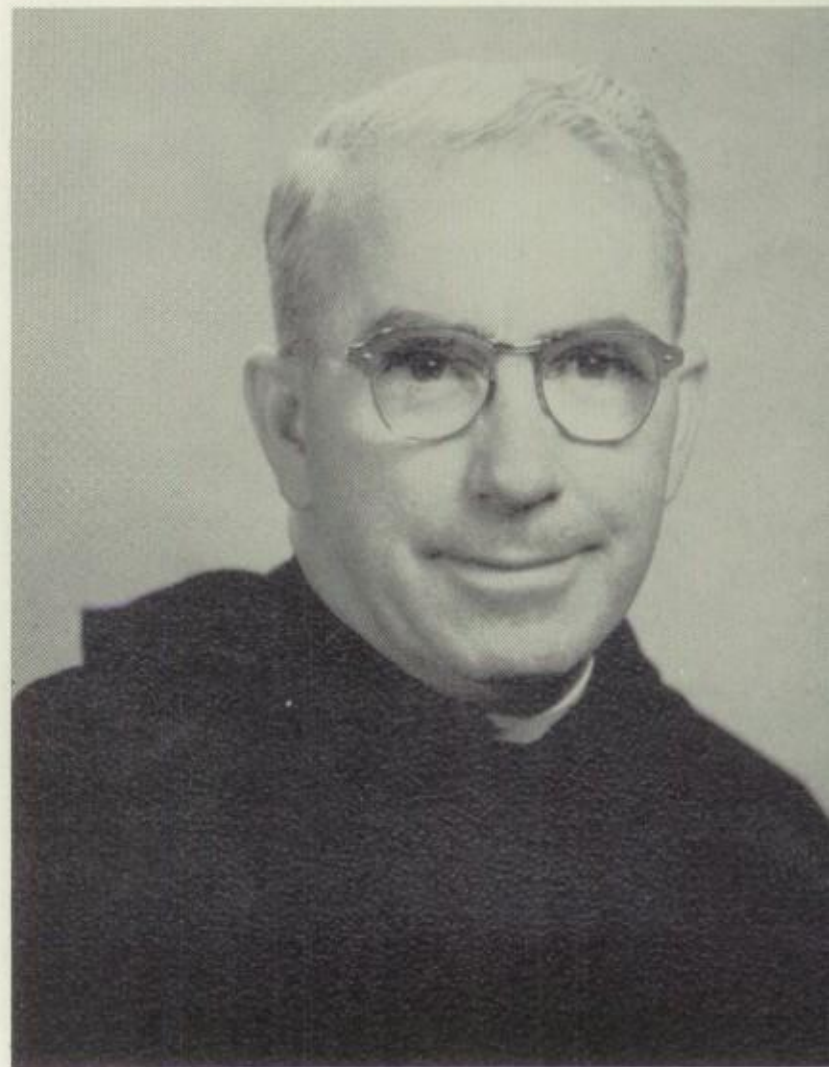

**MR. JAMES M. AUCH**

6949 Pawling Street  
Roxborough, Pennsylvania

Mr. Auch is a graduate of St. Joseph's College. After receiving a B.S. in English, he taught at LaSalle High, St. John's, and Merchantville High. Fishing and Golfing are his favorite pastimes. During the summer Mr. Auch works in a steel concern. At Malvern he teaches History, while also directing athletics.

**REV. LAWRENCE J. CONNEEN, OSA**

Father hails from Havertown, and his Alma Maters are both Villanova and Catholic Universities. Besides being a capable Religion teacher, Father Conneen is the procurator at Malvern. His favorite hobby is driving cars and school buses.

**REV. WILLIAM T. EAGAN, OSA**

Once a student and football player at the Augustinian Seminary in New York, Father Eagan advanced to Villanova and Catholic Universities. He teaches Algebra, Trigonometry, and Solid Geometry. His favorite expression is, "Are there any questions?"

**MR. PAUL D. FELTON**

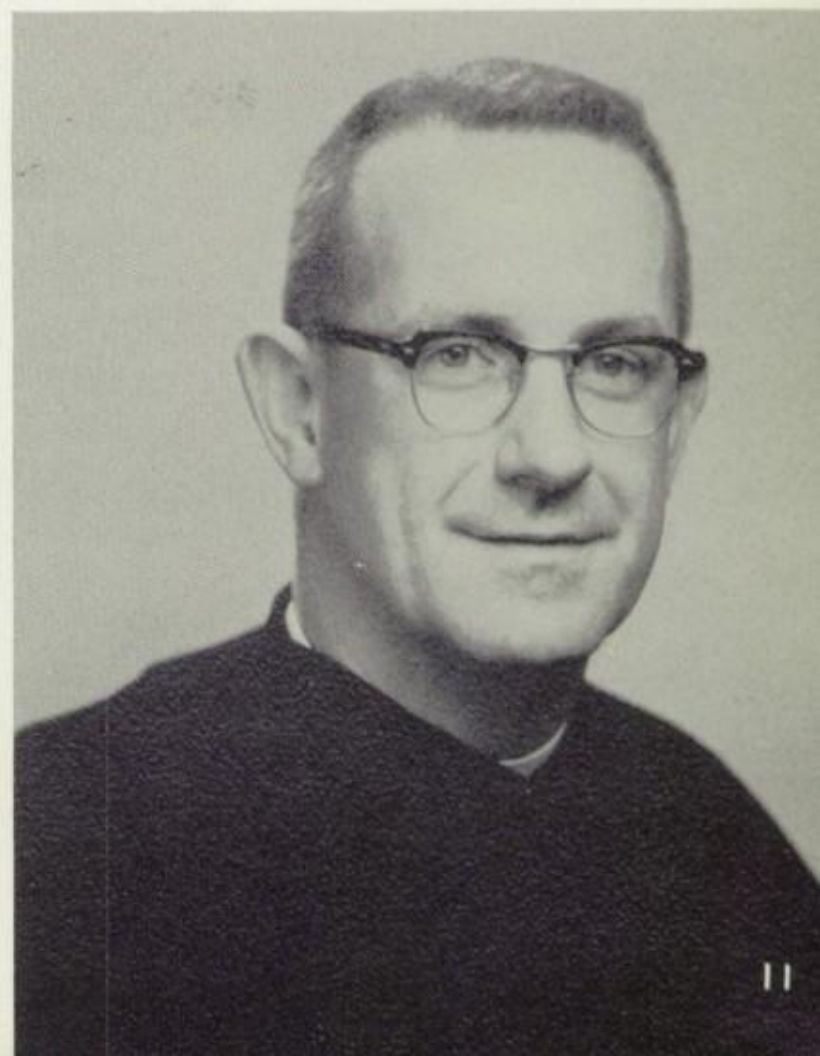

88 Village Way  
Malvern, Pennsylvania

Mr. Felton is a graduate of Ripon College in Wisconsin, where he obtained a B.A. in Liberal Arts. During the summer he works in the post office in Malvern. Mr. Felton teaches freshman English and P.O.D. His favorite hobbies are boating and camping.

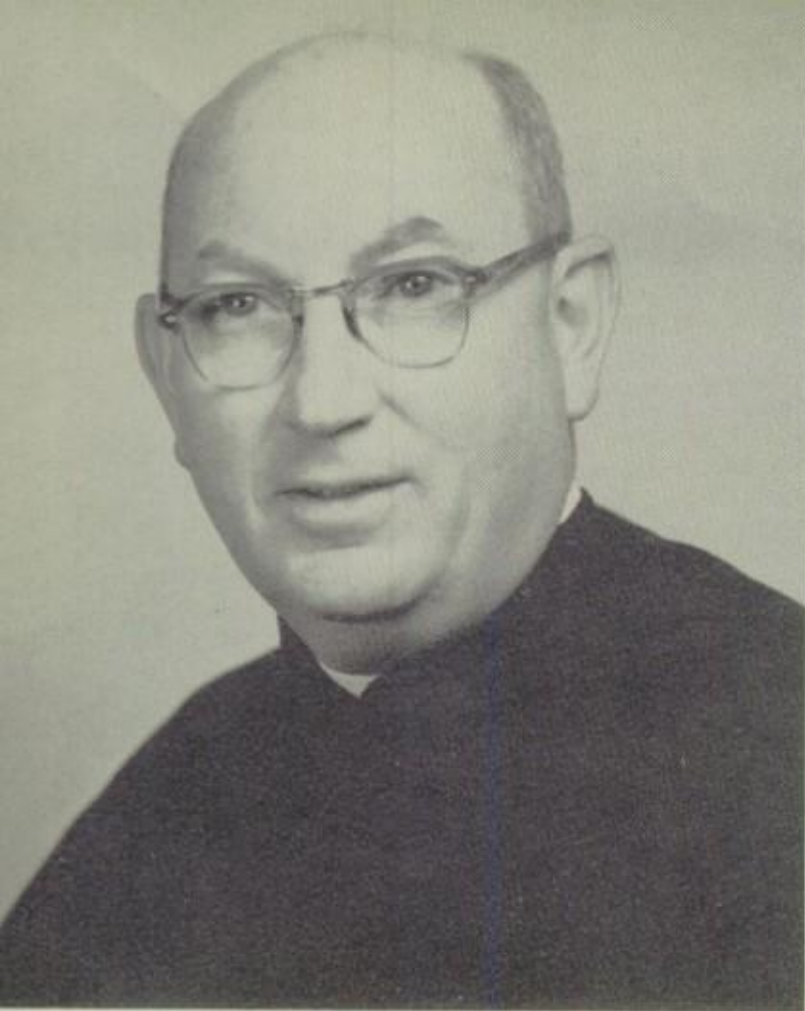

## *SETTING PATTERNS*

**REV. FRANCIS B. GILLIGAN, OSA**

A well-liked Cap-'n-Bonnet moderator, Father Gilligan teaches Drama and Chemistry. He studied at Villanova and Catholic Universities. Never seen without his bodyguard "Rocky." Besides being Disciplinarian, Father moderates all the dances at Malvern.

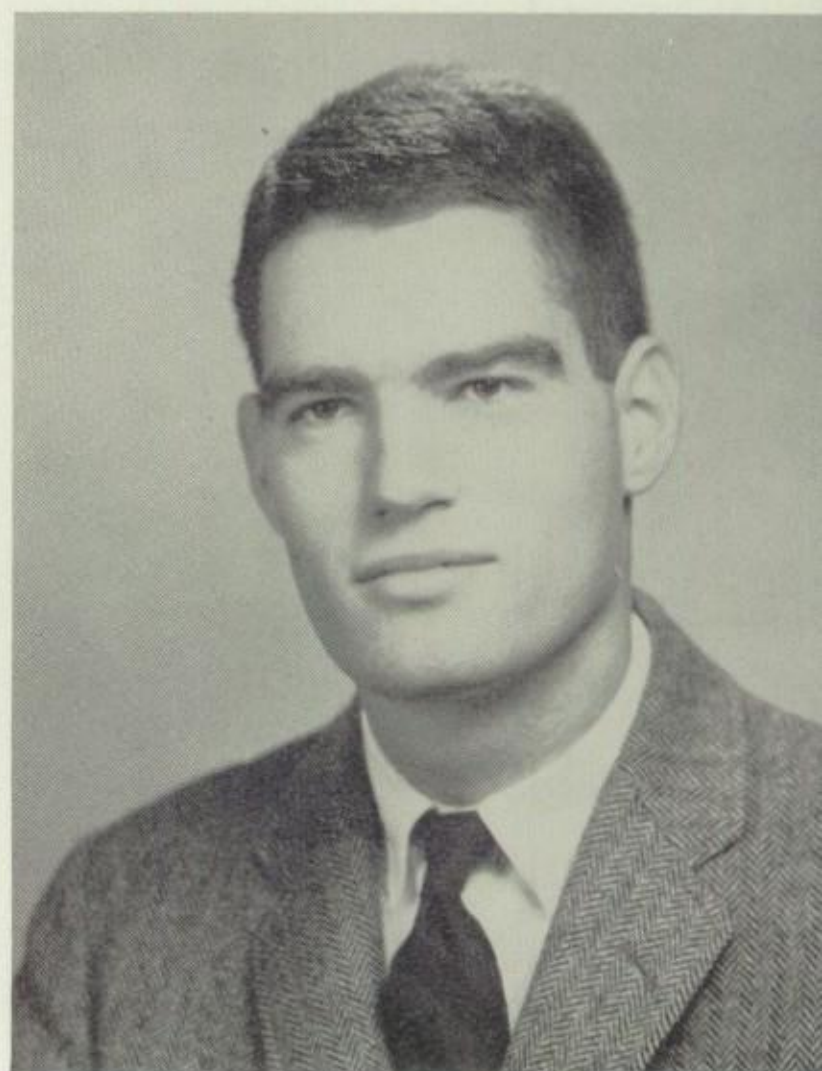

**VERY REV. JOSEPH A. GRIFFERTY, OSA**

Father Grifferty studied at Villanova University, Catholic University, and the Royal University of Escorial. He teaches Spanish and Sophomore English. Father is constantly misleading underclassmen as to his adventures in his younger years. His hobbies are hunting and tennis.

**MR. HOWARD F. HANSELL**

507 West Cheltenham Avenue  
Germantown, Pennsylvania

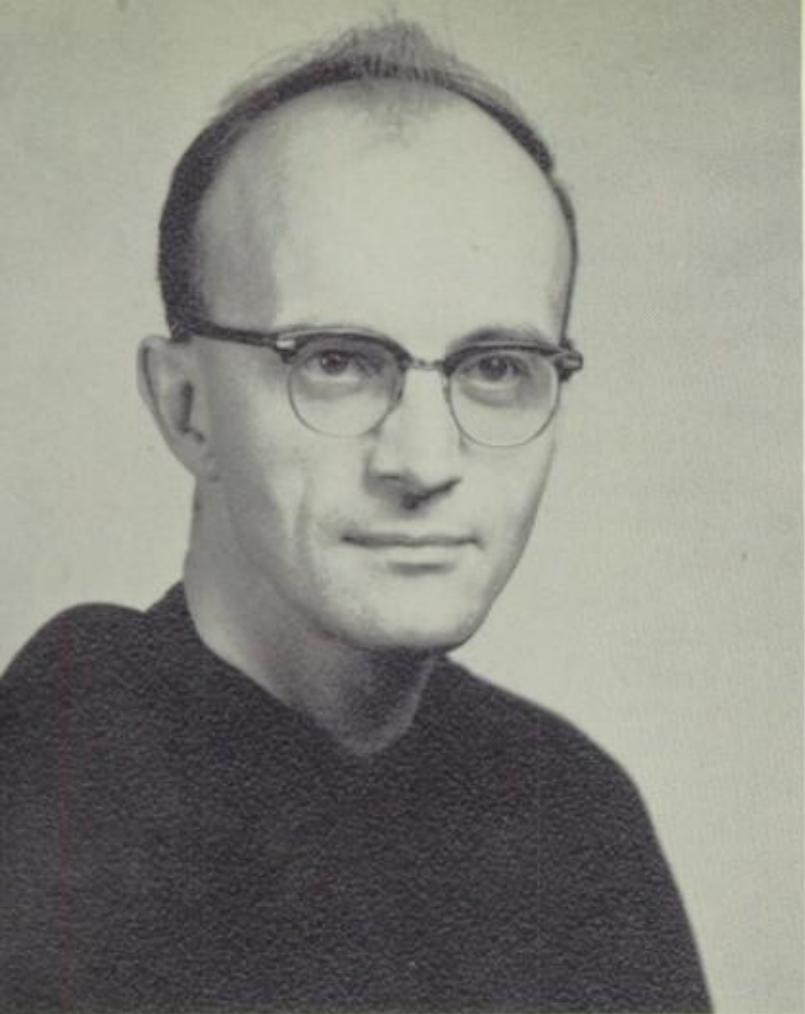

The youngest member of the faculty, Mr. Hansell is a graduate of LaSalle High and Villanova University, where he obtained a B.S. in electrical engineering. He teaches General Science and Physics. During the summer he is a surveyor for the city of Philadelphia.

**REV. TIMOTHY F. KEATING, OSA**

Father Keating was born in Lawrence, Massachusetts. After attending Villanova, he obtained an M.A. in French at Catholic University. Father has always taught at Malvern except for three years at Bonner. In his spare time he plays tennis and moderates the rifle club. Father teaches French and Biology, while still pursuing biological studies at Villanova.

**REV. CHARLES L. G. KNAPP, OSA**

Father Knapp, the thinnest man on the campus, is also the busiest one. Teaching French, German, Logic, and Religion manages to keep him occupied and out of mischief. His most ardent wish is to obtain a brand new Cadillac. Charles Borromeo Seminary is his Alma Mater.

## *THAT LAST ETERNAL*

**MR. MICHAEL F. MAYOCK**

308 College Avenue  
Newtown Square, Pennsylvania

Mr. Mayock, a former student at St. Joseph's Prep, graduated from Villanova in 1955 with a B.A. in Liberal Arts. For one year he taught and coached at St. John's in Manayunk. Here at Malvern he teaches Algebra and Health, while coaching varsity football and freshman basketball. During the summer he is a camp counselor.

**MR. FRANCIS M. McDONOUGH**

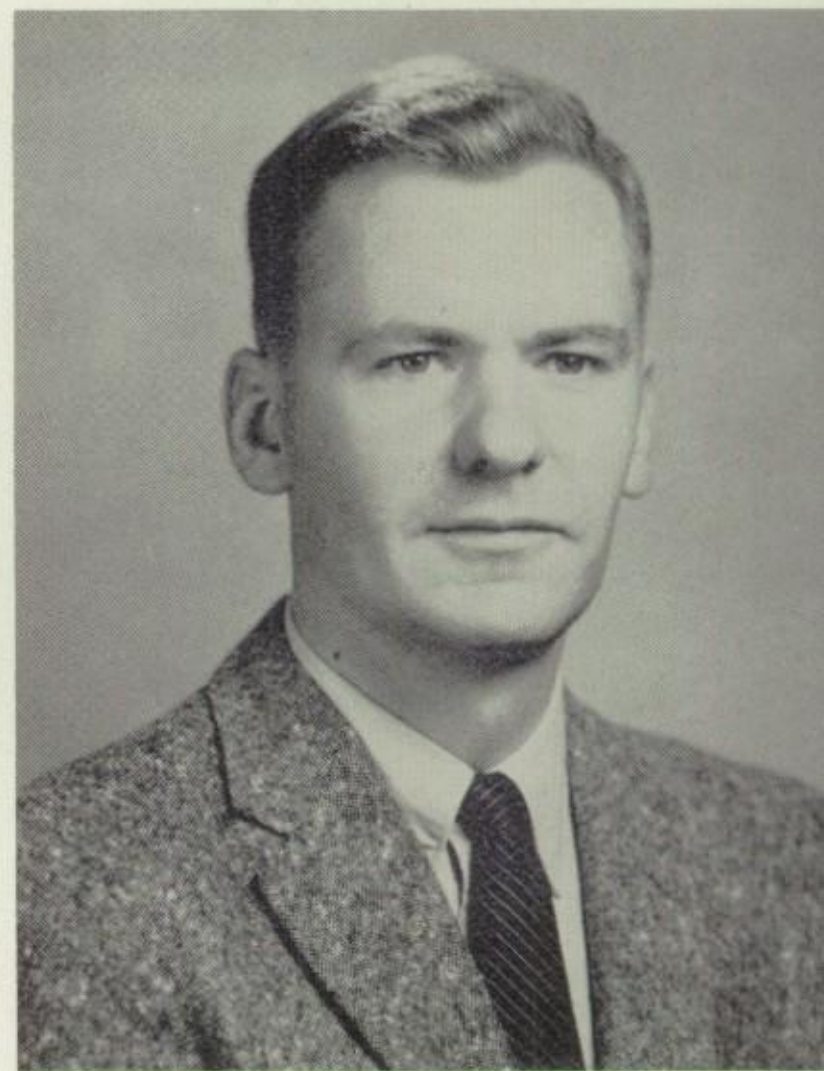

405 Pilgrim Lane  
Drexel Hill, Pennsylvania

Although graduated from Villanova University with a B.A. in philosophy and an M.A. in education, Mr. McDonough is still furthering his education in the summer. Besides teaching Latin and Geometry, he is Guidance Director and Varsity baseball coach. Before coming to Malvern Mr. McDonough taught at Bonner and Pascack Valley Regional. He is an avid sports fan and reader.

**MR. JOSEPH F. MONTGOMERY**

1017 Bon Air Road  
Havertown, Pennsylvania

Mr. Montgomery obtained a B.A. in Political Science at Villanova and an M.A. in English at Penn. In the summer he serves in the Naval Reserves. His favorite pastimes are reading, drawing, golf, and music. He formerly taught at West Philadelphia High. Mr. Montgomery teaches Junior and Senior English and moderates P.T.

**MR. FRANCIS J. SCHUSTER**

341 Avon Road  
Upper Darby, Pennsylvania

Mr. Schuster received a B.A. in Philosophy at Villanova University. Then he furthered his studies in History at Catholic University. Mr. Schuster now teaches Latin and English. He formerly taught at Bonner. After school he moderates the yearbook and the newspaper. A zealous reader, he also likes classical music.

### Selesianum 6 Malvern 0

The season opener was lost late in the 3rd quarter after a well played game by both teams. A blocked kick and subsequent touchdown were the killers for Malvern. Our strong line and star punter, John Calpin, were kept busy throughout the game.

### Friends Central 12 Malvern 0

The sharp running and fine passing of Friends Central were too much for the stunned Malvern team. The Friars staged their biggest threats in the 2nd and 3rd quarters and held the enemy on both extra points.

### Malvern 28 Bishop Egan 0

At last. Our first victory in more than a year. Malvern's strong defense and the fast running of Jim Graham and Jesse Owens combined to produce a sizeable difference in scores.

### Malvern 22 C.H. 8

Malvern took to the air, this time with an excellent passing attack by Buzzy Dugan and Jim Bruder. The whole team played well and can take credit for the win.

### Malvern 8 G. A. 8

The great moral victory of the year came with top defensive playing. Jesse Owens scored the Friars' only touchdown with the aid of the pass plays of Buzzy Dugan and Jim Graham.

### Malvern 8 Haverford 6

A blocked kick and a safety gave the Friars their 3rd victory of the season. Ed Halloran proved himself to be the hero of the game defensively by blocking two kicks and being the iron man of the line.

### Malvern 22 Episcopal 0

A great all around game put the Friars in first place of the Inter-Ac league. The defense was in top form, shutting out the enemy. Offensively, we ran all over the field without much competition.

### Penn Charter 32 Malvern 0

The Friars were overcome in their attempt to win their first championship. It was a well-fought game, though, against tough competition.

### St. Joseph's 34 Malvern 0

The season ended with a bang. Even though we lost the game, the cheering in our almost traditional game was at its peak. St. Joe's was just too much for Malvern to handle.

**Kneeling:** B. McGovern, P. Harron, A. O'Keefe, J. O'Brien, B. Plater-Zyberk, J. McGill, E. McGovern. **Standing:** B. Ucros and M. Hubbard, Managers, Mr. Armon, Coach, M. McDonough, S. Saul, L. Whiting, J. Straub, M. Kulzer, P. Mahoney, Dr. Powers, Coach, A. LaGiglia and J. Cassady, Managers.

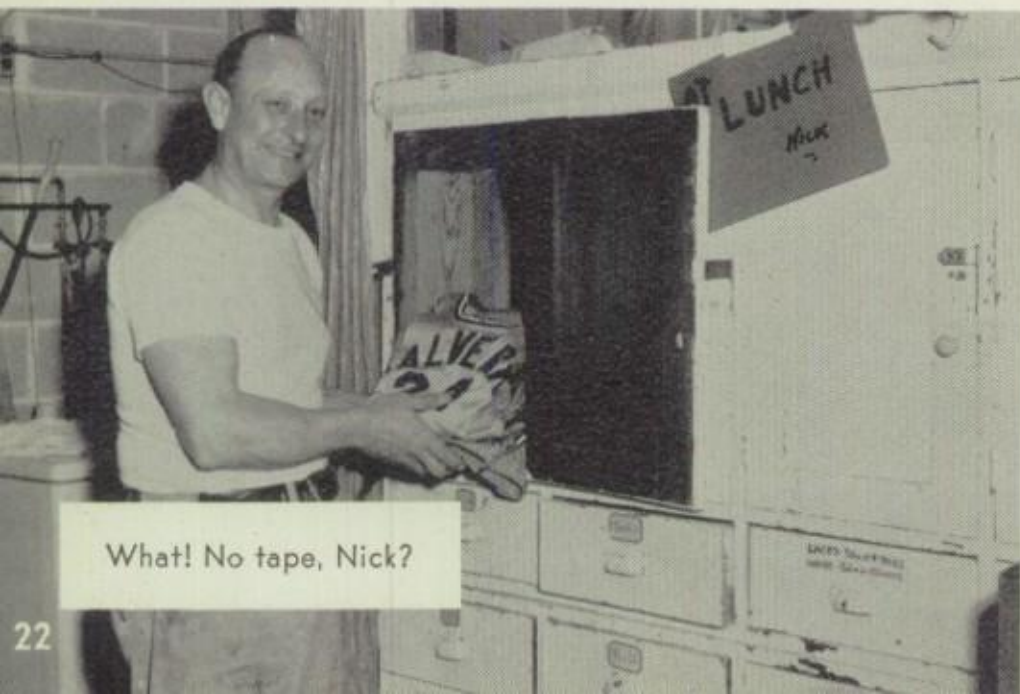

The 1958-59 basketball season at Malvern opened up with an air of expectancy. This was appropriate because the year before our "Friars" had tied for the "Interac" title, and hopes were high again. In pre-season games Malvern showed that these hopes were well-founded. We entered the league competition with a 4-1 record, the only defeat being incurred at the hands of Salesianum, a team that had won 32 straight games.

Our first league game was a real thriller—a 43-41 victory over co-champs Haverford. It was won by Bob Plater-Zyberk's jump shot at the buzzer. We continued undefeated in league play until conquered by Germantown Academy on our own home court, 48-41. The "Friars" kept plugging though, and, with an assist from Penn Charter who bumped-off G.A. managed to climb back into a tie for the lead.

All waited in anticipation of the big game with G.A. on their floor. With a big assist from school spirit (our fans outnumbered theirs 2-1), we won the big one, 69-52. A lot of credit is due to Paul Harron, who broke up the Germantown defense with his long-range bombing. Assured now of at least a title tie, we went into the Penn Charter game as heavy favorites. But once again it wasn't in the cards, and for the third straight year Malvern lost the title game. Thus we are now co-champs for the second straight year, this time with G.A.

We did have our moments of glory and individual heroes, though. Who will ever forget Joe McGill's 85 foot "Ozark Ike" shot in the Conestoga scrimmage. Joe still claims it was a pass, but we know better. And how about Pat Mahoney in a jump ball against 6'6" George Raveling when we scrimmaged Villanova, or Mike McDonough's new record of seven flat tires during one season.

Seriously though, we did have a few bright spots—Jim O'Brien and Paul Harron made "All-Interac". "Obie" was also picked on the All Main Line squad. For a very successful season we offer our sincere congratulations to the entire team and to the coaches, Dr. Powers and Mr. Armon.

What! No tape, Nick?

Perhaps this is a time to feel joyous about the basketball situation at Malvern. In the last three years we have finished second, tied for first, and tied for first respectively. To add to the successful past there is the prospect of a bright future. Indeed, with three starters returning—Joe McGill, Pat Mahoney, and Joe Straub—and with Bill McGovern and Mike Kulzer moving up, you must admit that things do look rather good. But as we look at the past three years and look ahead to the future, we can't help but feel sad. It is the end of an era! Yes, it's true that success in basketball may, and probably will continue, but it won't be the same. There will be one big difference, Dr. Eugene Powers will not be the coach.

Of all the students at Malvern, we, the seniors, know him best. We entered into varsity competition in 1956-57, the first year that Dr. Powers was coach. It has been a happy association. In the last three years we have followed his teams, cheered his teams, and suffered with his teams. We have swallowed three bitter pills with Dr. Powers—the three games, any one of which if turned into a victory would have given Malvern its first outright championship.

Dr. Powers has been a model coach. It is a well-known fact that a coach's job does not end once he leaves the gym. It is a just as well-known fact that Dr. Powers has been more than a coach to his players, he has been a friend. Dr. Powers managed to make that line separating player and coach as slim as possible, yet he maintained strict discipline.

It is rather obvious that he is a good coach. Just take a look at his record. His first year at Malvern an 18-4 record and placed second in the league with an 8-2 log. The next year he finished with 13-5 and again 8-2 in the "Interac" to tie with Haverford for the title. This past year he ended with 17-4 and again was 8-2 in the league for another co-championship, this time with G.A. His total record is 48-13, a .796 percentage and 24-6 in "Interac" competition for an even .800 percentage.

But this is not intended to extoll his coaching ability. This is sort of a last goodbye, a last thank you. It is our last opportunity to say thanks to our most distinguished graduate. So to you, Dr. Powers, goodbye, thank you, and good luck.

Sincerely,  
"Class of '59"

# Baseball

Every school must have its lean years in its various sports. For the last two seasons Malvern has certainly seen lean times in baseball. Two years ago we didn't win a single game. So, of course, we could go nowhere but up. This season our fortunes were better, but not good enough to make us a contender for the title. As a matter of fact, we ended the league in a tie with Chestnut Hill for last place.

With baseball every year arrives the schedule for early buses. The temptation for freedom naturally overcomes many students, especially the younger ones, and consequently the baseball team receives a minimum of support. But this past campaign saw a slight change (slight, but noticeable) in that the older students, mainly seniors, began to stay regularly to watch the games. This is an encouraging thing and we sincerely hope that it will continue in the future. Thanks, team and coach, for all the hard work.

Ed Geisz  
Swimming Coach

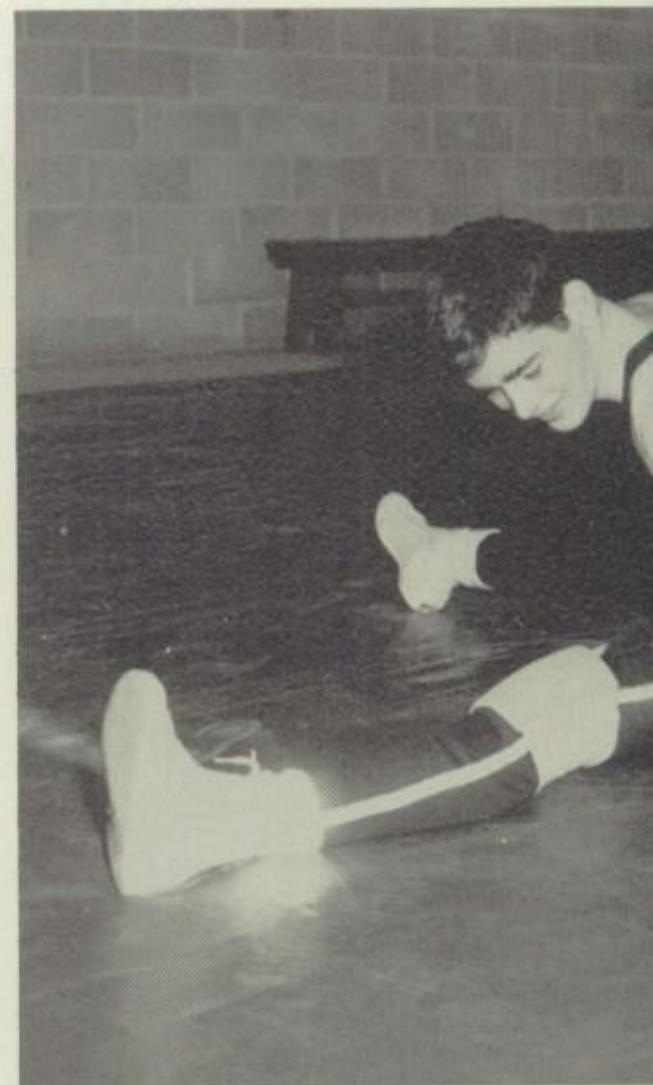

Coach Mr. David McMahon  
and Captain Bob Hurst

It is unusual that a wrestling team scores many or even any victories in its first two or three seasons. Wrestling is a long-term thing, it takes a few years to get started. But our coach, Mr. David McMahon, has turned out a second year team that has been the source of much Malvern pride. It's true that the fellows themselves deserve a lot of credit for their hard work, but all would have been in vain had it not been for Mr. McMahon's knowledge of the sport and his undying interest in the boys.

Two senior members, ca  
Shermer, go at it in

Pete Partlett, Malvern's captain-elect for next year's wrestling season, is the first champion this school has in its newest sport. In the Episcopal Invitational Tournament Pete won the 120-lb. class by pinning his opponent in 4:45 with a half-nelson. This was quite a feat since all top-notch wrestlers of the area are invited to this tournament. Nice going, Captain Pete!

To the right is pictured Bob Hurst, the captain of our wrestling team, who, by his hard work and inspiring leadership, led the Malvern grunTERS to a very successful season. CongratulATIONS, Bob, on a job well-done.

Partlett tries to escape from Cardone.

Little Jeff Azpell, just a freshman, gets the upper hand on his opponent.

Dick Rudolph and Jesse Owens practice some holds.

All year long Captain Charley Pulfrey (pictured above) was our leader and our inspiration. By his hard work and never-say-die spirit he showed our men the path to victory. Words can't express the high esteem the whole school has for his determination, grit, and, most of all guts, guts to make it hurt when sprinting to the finish. It didn't go unnoticed, Chas. Thanks and good luck always.

In the Interac championships Mike Carson vaulted twelve inches higher than he had ever done before, grabbing a place and adding valuable points to our total. This was a tremendous feat and is certainly a tribute to Mike's great competitive spirit.

When the 1959 Track season started, it was doubtful whether or not we would win a single meet. But hard work, good coaching, and plenty of practice resulted in a winning season! We actually finished with a 3-2-1 record and even scored 15 points in the Interac Championship Meet to place 5th—quite an unexpected showing.

Mr. Wilkinson deserves a lot of credit for his untiring work with the boys. He got us into shape and kept us there, he ironed out our flaws, he was invaluable. Captain Charley Pulfrey was a leader all year long. By hard work, determination, and will to win Charley showed us how it should be done. Sophs Forsyth and Kelly were standouts in the distances, Toner was unbelievable in the broad jump, Jesse Owens picked off his share of points in the hurdles. Every meet we won was a combination of everybody's supreme effort. All in all, we are pleased with our track team and its showing.

Throughout the entire season our sprinters came through with valuable points. Here they are: J. Smith and M. Walsh.

Jim Graham gets off a mighty heave in the Interac championships.

Joe McGill clears the bar in the Interacs. In the background to the left can be seen two faithful Malvern rooters Alec Hicks and Ed McGovern.

Greg gives it all he's got! Points won in the broad jump helped us to our surprisingly high finish.

Here's Tom Toner in the start of the finals in the 100-yard dash. Tom was a standout all year and his points in the championships contributed to our fifth place finish.

**Freshman Track Team, First row:** D. Nitka, R. McCarthy, J. Frederick, D. Baxter, D. Mulray, L. O'Toole, L. Glaum, J. Willicombe, T. Conley, T. Priory. **Second row:** J. # Cross Country Team

The Malvern harriers of 1958 were hard hit by the loss of Art Crowley and a few other seasoned veterans. But with the help of a promising group of underclassmen and the returning seniors, the coach, Mr. Felton, was able to turn out a squad which completed the season with a commendable 2-2 record for a .500 won and lost percentage. This year's cross country team was led by Captain Charley Pulfrey, who was rarely beaten. Chas., being captain of both track and cross country, was Malvern's only double captain, a fact which testifies to his ability. Although we lose Charley this year, the future does not look dim at all. Tom Forsyth, Mont Hubbard, and John Tunnell head a crop of young runners that looks especially promising.

Coach Felton, who did a bang-up job despite being handicapped by limited material and lack of time, watches his men circle the course.

John Tunnell, a very promising freshman, sprints to the tape.

# Tennis

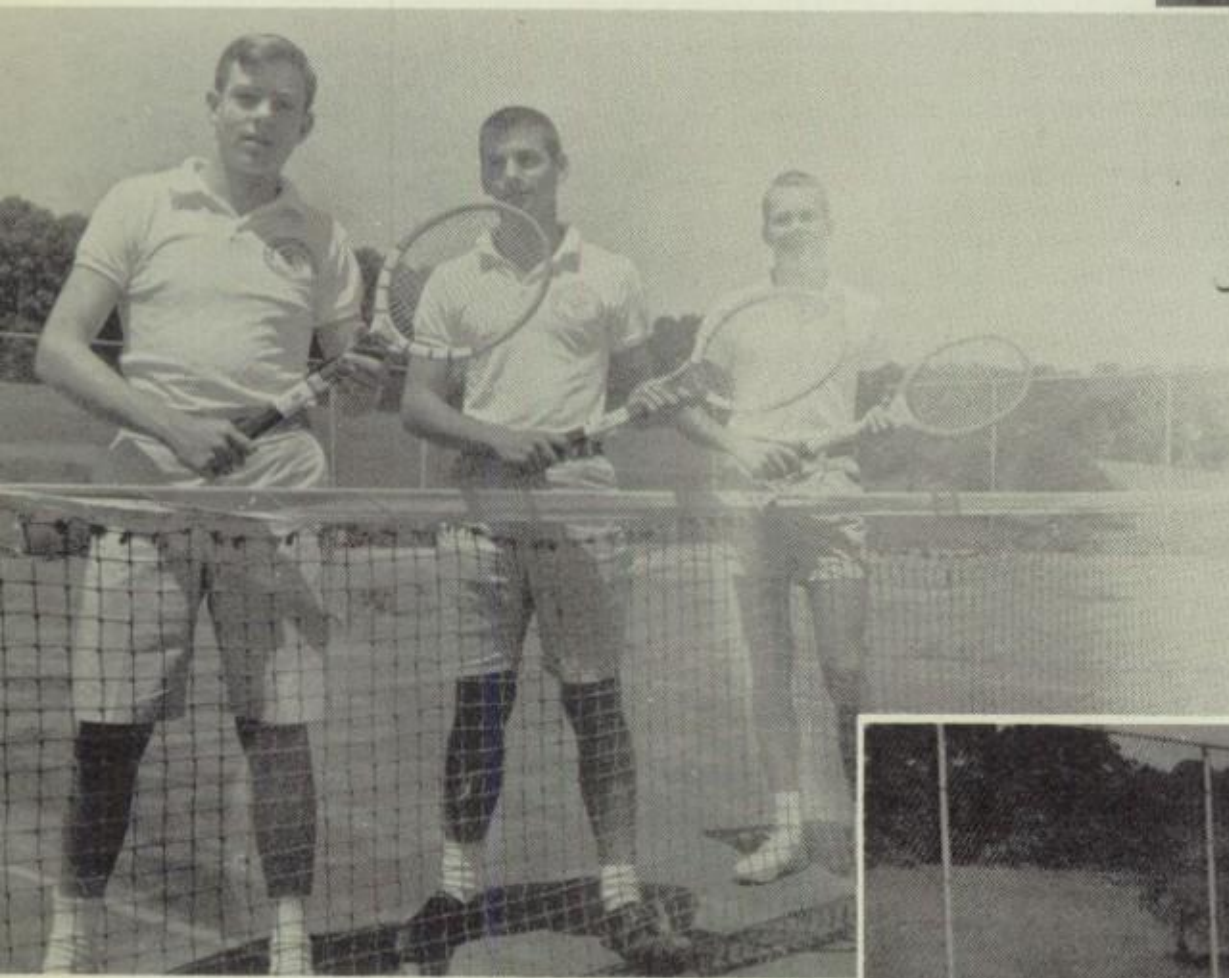

Against a rugged schedule in one of the fastest high school tennis leagues in the entire country, Malvern's Interac varsity tennis squad did not make a very strong showing. The out-classed Friars came close in a couple of matches, but their opponents always seemed to have that little extra needed to bring home the victory.

Although it was a disappointing season from the standpoint of record, Coach Massey's boys were scrambling all the way. The combination of inexperience (only two seniors started every match), marvelously skilled competition, and the unfortunate retirement in mid-season of one of the regular doubles men, proved an overwhelming one.

There was a ray of sunlight in the gloom, however, as everyone excepting the first singles player, and a few doubles men and alternates will return next year. With a year or two of rugged Interac experience behind them, they will no doubt be in the running all the way. Malvern's tennis fans definitely have something to "wait till next year" for.

# Golf

Captain Ed O'Malley shows the swing that makes him Malvern's threat to win the National Open.

Coach Montgomery points out a little flaw in Ed's style.

Malvern's Golf Team came up with another credible season this year. Led jointly by our new coach, Mr. Joe Montgomery, and captain Ed O'Malley, the team enjoyed a very successful campaign. The team captured many victories this year, and prospects for the future look equally bright. Bob McMahon and Bob Toner return and no doubt will lead the Malvern duffers to another successful year.

# Rifle Team

Malvern boasts of its varied extracurricular program, and not unjustly either. We claim that no matter what your sport is, we have it. Many of our students are rifle enthusiasts. Consequently, we have a rifle team, moderated by Fr. Keating and captained this year by Emmett McDermott. Backed by the spirit of the members and held together by Fr. Keating's interest, the rifle team has grown and no doubt will continue to prosper.

*SHAPING US INTO THE  
MOLDS OF MEN.*

This year's Malvernian underwent a drastic change. In previous years the yearbook staff contained members of all classes at Malvern. Even freshmen were permitted on the staff. We are not condemning all the underclassman members of former staffs, but it is the opinion of the class of '59 that, since it is primarily our yearbook and our contribution to the school, a yearbook staff should consist only of members of the graduating class.

Other classes, perhaps, thought this too, but all went along with the custom, as it were, and allowed underclassmen on their staffs. We resolved to do what we thought best for our annual and to strive to make it a superior one. We therefore have excluded all underclassmen from our ranks, and have on our staff only members of our class, who we feel have taken a genuine interest in our book. Thus it is with pleasure and with pride that the class of '59 presents their annual and its staff.

Mr. Schuster, faculty moderator, and Jim O'Brien, editor, realize that another deadline is about to be missed.

Once again the editor-in-chief confers with his two right-hand men, Tony and Jim, the associate editors. Throughout the year these two men, D'Aquila and Castello, did a tremendous job.

Four of our illustrious staff actually caught working. (A candid shot—honest).

It goes without saying how much help Mr. Schuster has been to us this past year, but we'd like to say it anyway. Whenever a difficult problem presented itself, we could always rely on Mr. Schuster to come up with a solution. The class of '59 gratefully expresses its thanks to Mr. Schuster, our moderator and our friend.

It is the trend these days to turn to professional arrists, but with Jim Sarkissian on our staff we had no need for one.

Brian Lowery and Bill Shea were kept busy all year, and here they are again, busy as bees.

This is Jim Eustace, one of our crack photogs. Of course he didn't take this picture.

Mr. Schuster, faculty moderator, helps Mike and Bob decide how to solve another of their "little" problems.

This is our newspaper staff, headed by "Sleepy" Cashore, who did such a fine job this year

# *Father and Son Banquet*

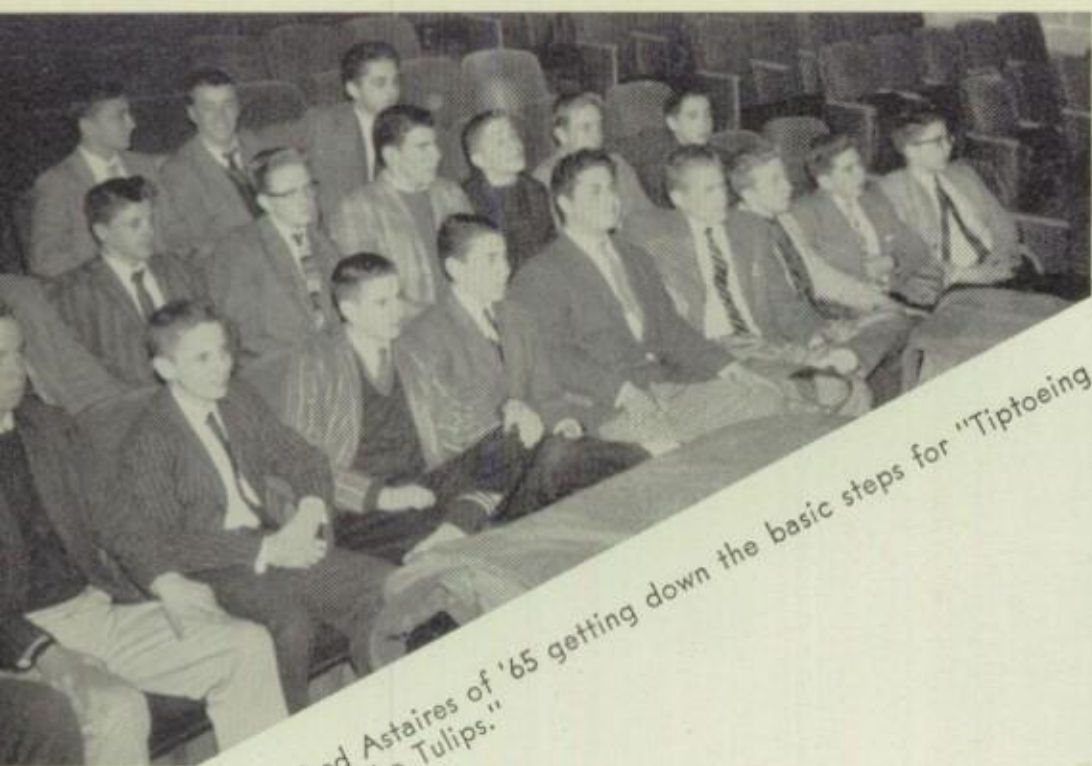

Every year Malvern gives two Loyalty Awards—one to the father who has done the most for the school, and one to the school's outstanding student. This year the awards went to Mr. Charles Myrtetus and James O'Brien. Congratulations to both on their well-deserved awards!

Malvern's first science club, the Radio Club, has been functioning for several years now. This club is under the skilled direction of Mr. Howard Hansel. Our Radio Club has such distinguished members as John (W3DJW) Mahoney, who will make contact with Moscow any day now. Judging by the success with which this organization has met, we can safely predict that in the future this club will continue to grow in size.

Every year the Mothers have a luncheon honoring the incoming president. This year's president was Mrs. Joseph Straub.

Here Father Coffey is pictured with the officers of the Mothers Club, Mrs. Tomasco, Mrs. Straub, and Mrs. McGill.

Three of the ladies pose for our photographer after one of the Mother's functions in the auditorium, an enlightening talk on the problems of adolescence (pertaining to their children, not to them). The three women are Mrs. Mahoney, Mrs. O'Brien, and Mrs. McGovern.

The highlight of the mother's social year is the annual card party, held in Malvern's gym. This card party is successful every year and is known as the finest around.

Look at those beautiful prizes!

The card party is the scene of lavish decorations and also, much to the ladies' enjoyment, a fashion show.

# Freshman Class History

By hard work and determination, this year's freshman class has established itself as one of the great classes of Malvern. When we arrived at Malvern, we were informed of the many opportunities which were available to us and we quickly took advantage of them.

We were aware that, first and foremost, we were at Malvern to obtain an education. With this in mind we studiously labored to maintain high scholastic grades and our efforts did not go unrewarded.

But it was not all work and no play, for we proved that we could also hold our own on the athletic. We freshmen gave a good account of ourselves in all the sports as well as many other extracurricular activities.

By the frequent reception of the sacraments which were so accessible to us and the guidance of the priests we also advanced spiritually.

All these things have given us freshmen memories that we will cherish always and try to add to in our future years at Malvern.

*AIDING US TO PUT ASIDE  
THOUGHTS OF CHILDHOOD*

# *Sophomore Class History*

This year we returned to Malvern as upperclassmen. Although at times last year some of us thought we wouldn't make it, but we did and almost all returned to Malvern this year. This year we faced our school—not fearing the unknown, but loving the known.

Our first year at Malvern taught us that this is a place where we buckle down and study, where we enjoy dances, where we can participate in sports, where we make life-long friends, where we encounter teachers who are friendly and fatherly—a place we can call home, a place to which we can always return.

The sophomores entered into school projects more enthusiastically this year. We proved that we are a well-balanced class, excelling in all phases of high school life. The sophomore class studied hard this year, and the results of this work were shown in the high grades achieved by many. We've realized that all is not play here at Malvern, and we've responded accordingly.

But, of course, we've realized that there is a time for play, so we've supported the dances and various other social functions enthusiastically. We even sponsored our first dance, the "Soph Hop," which was a rousing success.

Sophomores entered into varsity competition this year and showed themselves excellent athletes. It is certain that our class will be heard from in the next two years with regard to sports.

Over all we showed that we have attained that Malvern spirit. The can drive, the chance drive, the dances, the sports, teams, the operetta, and the various clubs all received sophomore support. But most important, we took a big step this year toward becoming men. We learned two important things—to try our very best for success and to accept defeat humbly.

*GUIDING US THROUGH THE  
DAYS OF ADOLESCENCE*

# Junior Class History

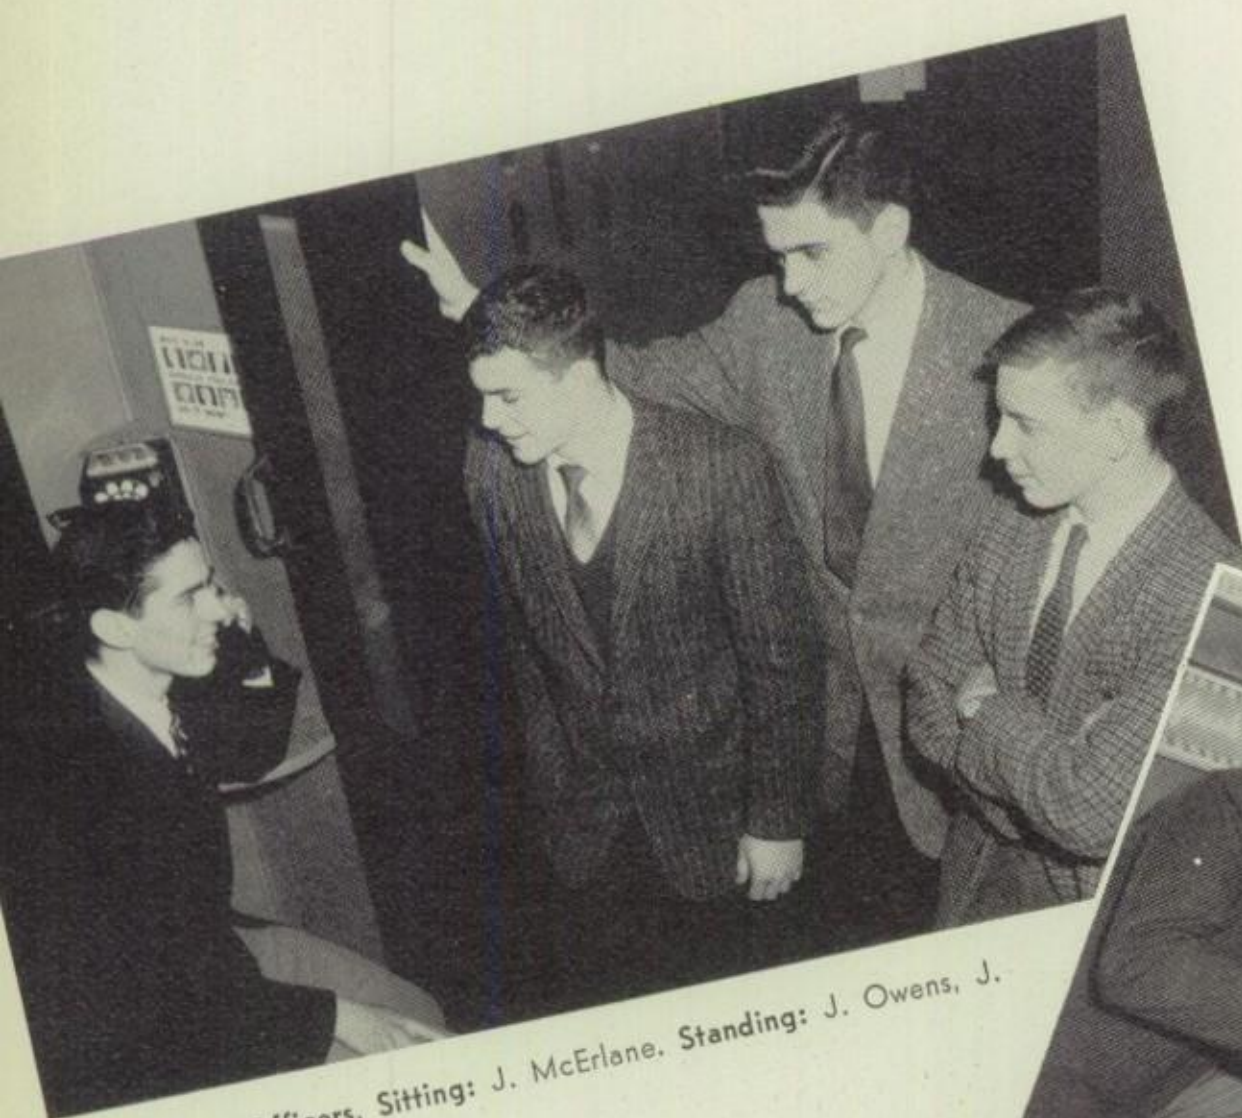

We returned to Malvern for our third year with the feeling that we were going to show the whole school. We did. This year our class became known for its wonderful school spirit. It wasn't that we did things to prove that we had school spirit, it was that we had school spirit, so we did things.

We didn't just attend the dances, we turned out in numbers. We went all out in the chance drive. But most important, to us, was the fact that we became the first Junior class in Malvern's history to win the can drive for the Sacred Heart Home for Incurable Cancer. True, we just nosed out the seniors, but we beat them.

The basketball stands were filled with juniors. The football sidelines were packed by them. The track meets were crowded with juniors. But our role in sports was not entirely passive, we were well represented on the teams also. Three juniors started on the basketball team. We had five starters on the football squad—not to mention the many other members of our class who were on the various teams. Several of our classmen received mention on the different "All Star" teams.

Last, but most certainly not least, we did our best in striving toward academic prowess. In the beginning, we found our entrance into science, modern language, and advanced mathematics a mite difficult, but we soon adjusted and many of us consistently made the honor roll.

All in all, it was a good year for the Junior class. We distinguished ourselves spiritually, athletically, socially, and academically. We showed that Malvern can expect in next year's Senior class, a great one.

*CONFIDENTLY LAUNCH US  
INTO A MAN'S WORLD.*

Student Council: John Smith, Jim O'Brien, Andy Murphy—President, Jim Bruder, Mike Cashore.

Once again Malvern's students elected an excellent student council. Upon our return to school, nominations were held in the senior class and the ballot was then presented to the school. The election was held and the student body came up with Andy Murphy as President of Student Council and Jim O'Brien, Jim Bruder, John Smith, and Mike Cashore as his cohorts.

Immediately following the election the student council was invested and began functioning. Our student council did its duties well. It gained privileges for the students, it conceded things to the faculty, it imposed restrictions on the students. All in all, it helped run the school and did its best to make for a better Malvern.

A major function of the student council was to conduct the Malvern dances. Every detail of the various dances was left to the student council. This year more than any other, the faculty remained in the background with regard to the dances. And Malvern's dances this year were exceedingly successful! Congratulations to our student council on a job well done.

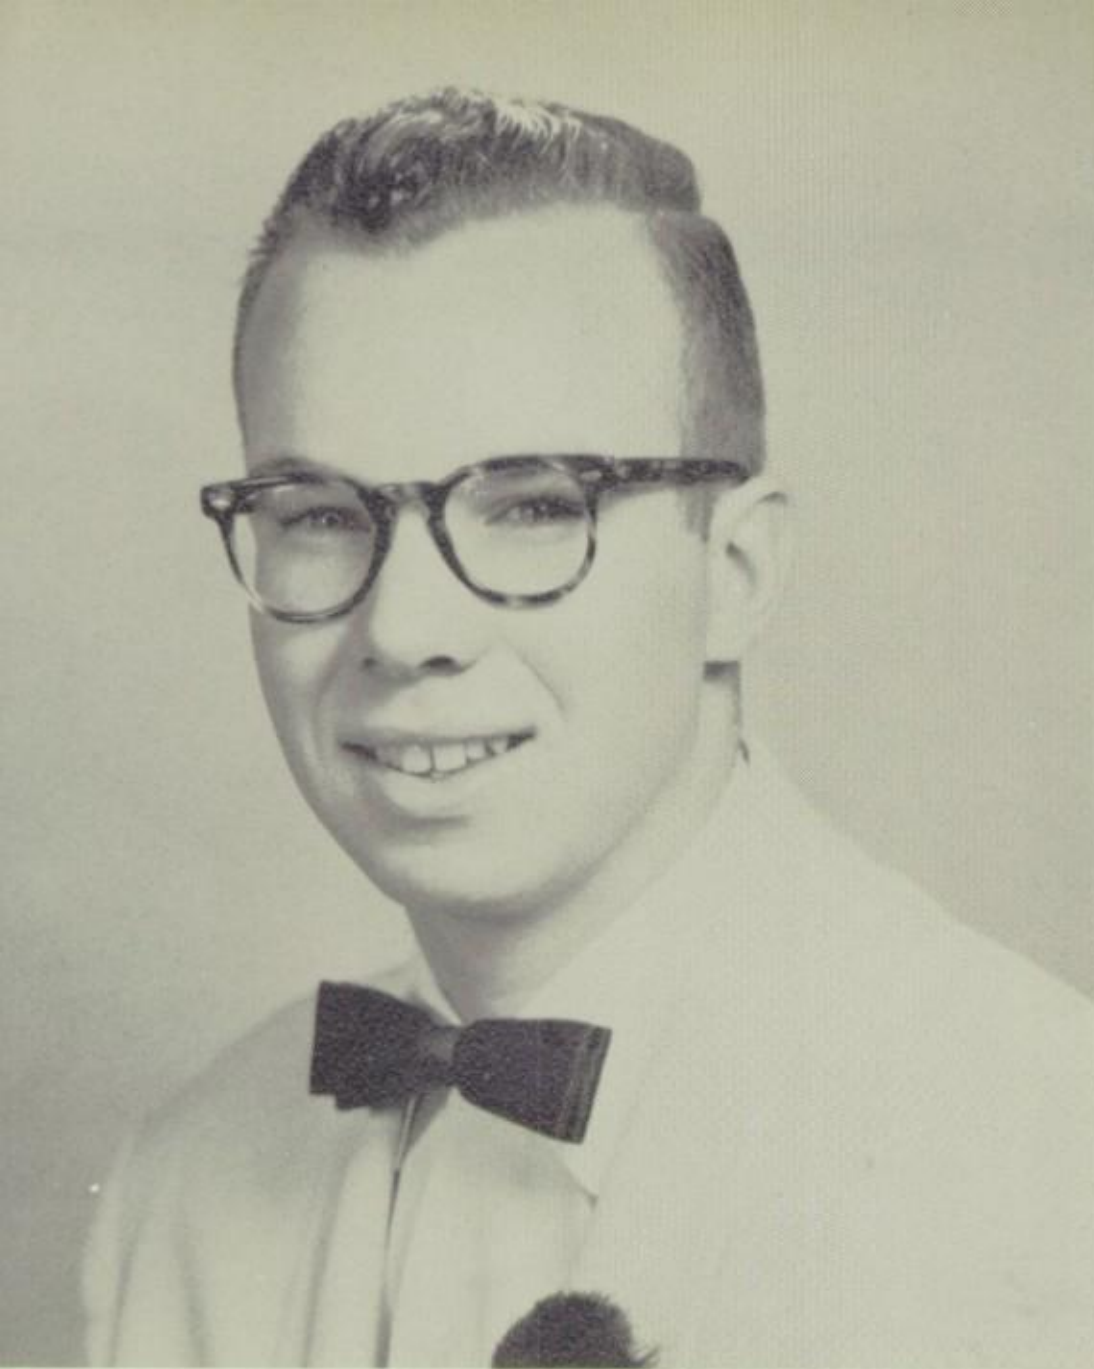

Senior Science Officers: B. Shermer, E. O'Malley, T. D'Aquila, J. O'Brien.

Senior Arts Officers: T. Toner, A. Murphy, T. Shallow, G. Gillin.

## JOHN S. ALEXANDER

411 Field Point Road  
Greenwich, Connecticut

John came to us this year from St. Mary's in Greenwich. He is interested in cars and works for a dealer during the summer. Plans to attend the University of Connecticut and major in ornamental horticulture. His hobbies—skiing and hunting. Favorite subject—chemistry.
